Councilwoman Kohles- spoke about the need to provide recreation opportunities for children and said that funds will be coming in from new buildings in town.

Borough Attorney Betesh- Resolution 2024-201 was removed ensure the agreement with Hackensack Hospital abides by local public contracting laws. It will be placed on the next agenda.

REPORTS

Mayor Fede- several people have indicated interest in purchasing veteran flags. She worked with the Girl Scouts to remove gator bags from trees around town. She met with the Church of God which would like to do a community service project. She reached out to the affordable housing consultant to ensure the Gabriel development contains an affordable component. She is considering starting a project to address bullying in schools.

Council President Carpenter- DPW is four employees down and is getting burned out. Bogota will be receiving grant funds for the new pickle ball courts soon. There will construction for a week to replace concrete on Elm Avenue.

Councilman McHale- noted the Borough owns several unused properties in town and suggested they be better utilized.

Councilwoman Vergara- The Rescue Squad will hold a CPR class and there will be a Jazz Festival in Ridgefield Park on October 5th.

Councilwoman Kohles - reported that construction in the park is progressing well, though two burst pipes were discovered, contributing to the flooding issue. Back to School nights are happening this week. The police have been issuing tickets for improper parking and pick-up at Bixby School, and they should continue this throughout the year to ensure compliance. There is a shortage of both coaches and participants for flag football, and karate classes will be starting soon. Recreation will be hosting a pumpkin painting event, with 250 pumpkins ordered for the occasion. However, the ongoing lack of attendance at Recreation Committee meetings remains a concern.

Mayor Fede- gave the Borough Administrator's report. The computer fiber update is scheduled for September 25, he hopes to have a Zoom meeting on October 3rd and certainly by the second meeting in October. The company that built the electronic sign is out of business and new company is refusing to work on it, some parts have already been repaired. Bogota will use its grant to install an EV charging station. He is working to install a flag pole near the Ryan Bridge. There is a preconstruction meeting being held to prepare for street and sidewalk repairs.

Borough Attorney Betesh- asked about the Zoom meetings, Mayor Fede indicated the meetings will not be interactive at first.

Borough Clerk Flores-Bolivard- provided an update on new processes for OPRA requests. October 15 is the last day to register to vote and Borough Hall will be open until 9PM to receive voter registration forms. She had a table at the Bogota Library to talk about the upcoming election and will have a presentation at the High School about it as well. The Clerk's office is getting a lot of tree and sidewalk complaints, she is contacting residents who previously made complaints to see if they were resolved.

**CORRECTIVE ACTION PLAN
FOR COMMENTS AND RECOMMENDATIONS FROM
REPORT OF AUDIT FOR THE YEAR ENDED DECEMBER 31, 2023**

Finding/Condition #1:

Our audit indicated that a certain contract awarded in the General Capital Fund for professional and construction services were not encumbered at the time of award.

Recommendation:

All contracts be encumbered at the time of award.

Explanation and Corrective Action:

The resolution awarding this contract did not include a certification of available funds so the resolution was never forwarded to the finance office. The clerk's office has been made aware of this finding and ensured that all awarded contracts will be given to the finance office to encumber the total cost of the contract.

Implementation Date: Ongoing

Finding/Condition #2:

Our audit indicated that certain purchases were made prior to issuance of purchase orders.

Recommendation:

It is recommended that purchase orders be issued prior to placing the orders for goods/services.

Explanation and Corrective Action:

The Borough will continue to make every effort to ensure that requisitions are submitted prior to the commitment of any goods or services.

Implementation Date: Ongoing

Finding/Condition #3:

With regards to the Municipal Court:

- a) Stale dated checks remain outstanding on the Bail bank account reconciliation.
- b) Adjusted bank balances were not in agreement with adjusted book balances for the Regular and Bail account bank reconciliations.
- c) Uncleared reconciling items on the Regular account bank reconciliations.

Recommendation:

With regards to the Municipal Court:

- a) Old outstanding checks in the municipal court Bail account be cleared of record.

RESOLUTION # 2024-196

DATE: 09-19- 2024

- b) Adjusted bank balances and book balances be reconciled and in agreement for both the Regular and Bail account bank reconciliations.
- c) Reconciling items on the Regular account bank reconciliations be reviewed and cleared of record.

Explanation and Corrective Action:

The Court Administrator has ensured that old outstanding checks and reconciling items in the Bail and Regular account have been cleared of record and that the adjusted bank balances were reconciled and were in agreement for both accounts bank reconciliations.

Implementation Date: September 2024

Finding/Condition #4:

Our audit of the Borough taxes revealed that the 2023 tax proof was not updated to include prior year pre-payments.

Recommendation:

It is recommended that the Borough tax proof be reviewed and updated to include all tax related entries.

Explanation and Corrective Action:

The tax collector is aware of this finding and ensured that the proof will be reviewed. As a result, the tax collector will maintain a subsidiary tax ledger.

Implementation Date:

January 2024

Finding/Condition #5:

Our audit of the Police Outside Duty Services revealed that private vendors are billed subsequent to services provided and detail accounting records were not made available for audit.

Recommendation:

It is recommended that Police Outside Duty billings and collections be handled in accordance with N.J.A.C. 5:30-8.

Explanation and Corrective Action:

The Borough is updating our policies of Outside Duty Services so that the funds are received prior to the services provided.

Implementation Date:

Ongoing

Finding/Condition #6:

Our audit of the recreation department revenues revealed that pre-numbered receipts were not utilized for all cash and/or checks received.

Recommendation:

It is recommended that all recreation fees collected by cash or check be issued pre-numbered receipts.

Explanation and Corrective Action:

Payments have been automated through an online payment system so all receipts are given out through that software.

RESOLUTION # 2024-196

DATE: 09-19- 2024

Implementation Date:

April 2024

Finding/Condition #7:

Our audit revealed that invoices submitted for engineering services were not detailed as to hours worked or contract engagements.

Recommendation:

It is recommended that professional engineering service invoices be properly itemized.

Explanation and Corrective Action:

The Borough engineer ensured that all invoices moving forward will be properly itemized for hours worked services provided.

Implementation Date:

APPROVING DEED NOTICE FLOOD HAZARD AREA VERIFICATION

A RESOLUTION OF THE BOROUGH OF BOGOTA AUTHORIZING AND APPROVING A FLOOD HAZARD AREA VERIFICATION DEED NOTICE IN RELATION TO THE ATHLETIC COMPLEX SITE AND FIELD IMPROVEMENT PROJECT AT OSCAR E. OLSEN PARK AND FEIGEL FIELD.

WHEREAS, as part of the Bogota Board of Education (BOE) referendum approved by the public on March 14, 2023, the BOE has undertaken an Athletic Complex Site and Field Improvements Project (the "Project"), which involves both Oscar E. Olsen Park and Feigel Field; and,

WHEREAS, in order to effectuate the Project, the BOE is required by the New Jersey Department of Environmental Protection to execute and record a Flood Hazard Area Verification Deed Notice ("Deed Notice") related to flood hazard areas, elevations, and the riparian zone; and,

WHEREAS, the Borough, as the owner of this property, has consented to the execution and recording of this Deed Notice; and,

WHEREAS, a copy of the Deed Notice is on file in the BOE Secretary's office and Borough Clerk's office.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Bogota that:

1. The aforesaid recitals are incorporated herein as though fully set forth at length.
2. The Deed Notice is hereby authorized and approved with such changes as the Mayor and Council, Borough Administrator, and Borough Attorney deem necessary to effectuate the purposes of this Resolution, including any non-material changes that may be required by the New Jersey Department of Environmental Protection.
3. The Mayor, Borough Administrator, Borough Clerk, and any other necessary Borough professional, official, officer, or employee are hereby authorized to execute any and all documents and to take any and all actions necessary to effectuate the purposes of this Resolution.

CERTIFICATION

I, Yenlys Flores-Bolivard, Municipal Clerk of the Borough of Bogota, Bergen County, New Jersey, do hereby certify that the foregoing is a correct and true copy of a resolution adopted by the Mayor and Council at a meeting held on 09-19-2024.

DEED NOTICE
(Flood Hazard Area Verification)

This Deed Notice is made this 19th day of September 2024, by Borough of Bogota, owner of property located at Lot 30.00 in Block 1, in the Borough of Bogota, New Jersey together with their successors and assigns.

In accordance with N.J.A.C. 7:13-5.6, Flood Hazard Area Control Act Rules, the following DEED NOTICE shall be recorded in the Office of the Bergen County Clerk or the registrar of deeds and mortgages. A Flood Hazard Area Verification (attached) was issued by the New Jersey Department of Environmental Protection which establishes the jurisdictional boundaries of regulated flood hazard areas and/or riparian zones.

The State of New Jersey has determined that all or a portion of this lot lies in a flood hazard area and /or riparian zone. Certain activities in flood hazard areas and riparian zones are regulated by the New Jersey Department of Environmental Protection and some activities may be prohibited on this site or may first require a flood hazard area permit. Contact the Division of Land Use Regulation at (609) 777-0454 or <http://www.nj.gov/dep/landuse> for more information prior to any construction onsite.

IN WITNESS WHEREOF, the Owner has executed this Deed Notice as of the date written above.

Description of Authorized Activities: This document verifies the limits of flood hazard area, floodway and riparian zone associated with the Hackensack River and its unnamed tributary on the parcels referenced above as shown on the approved plans. In addition, this document authorizes the proposed upgrades to an existing municipal/school district athletic fields that includes reorientation of the fields within the existing field area with regulation sized fields, relocation of the existing grandstand and press box, installation of a synthetic turf football field, construction of a running track with a paved plaza area and concession stand, regrading of the baseball and softball field area with a natural turf surface, installation of new dugouts and irrigation system, installation of lighting for night sports activities and other associated improvements, as shown on the approved plans, on the parcels referenced above. <i>The Department has determined that the herein approved activities meet the requirements of the (FHACA/CZM) rules. This approval does not obviate the local Floodplain Administrator's responsibility to ensure all development occurring within their community's Special Flood Hazard Area is compliant with the local Flood Damage Prevention Ordinance, and minimum NFIP standards, regardless of any state-issued permits. FEMA requires communities to review and permit all proposed construction or other development within their SFHA in order to participate in the NFIP.</i> This permit is not valid until written approval from Public Land Compliance has been provided and submitted to the Division of Land Resource Protection. This permit is not valid until approval from the Bureau of Tidelands has been issued.		
Prepared by: Kip Le Warn		Received and/or Recorded by County Clerk:
If the permittee undertakes any regulated activity, project, or development authorized under this permit, such action shall constitute the permittee's acceptance of the permit in its entirety as well as the permittee's agreement to abide by the requirements of the permit and all conditions therein.		
This permit is not valid unless authorizing signature appears on the last page.		

STATEMENT OF AUTHORIZED IMPACTS:

The authorized activities allow for the permittee to undertake impacts to regulated areas as described below. Additional impacts to regulated areas without prior Department approval shall constitute a violation of the rules under which this document is issued and may subject the permittee and/or property owner to enforcement action, pursuant to N.J.A.C. 7:13-2.18; N.J.A.C. 7:7-29; N.J.A.C. 7:7A-22.

PRE-CONSTRUCTION CONDITIONS:

1. This permit is not valid until written approval from NJDEP Green Acres' Public Land Compliance (PLC) is obtained. Proof of the PLC approval must be forwarded to the Division's project manager, Kip Le Warn, via email at kip.lewarn@dep.nj.gov. Upon receiving written approval from the Division of Land Resource Protection confirming receipt of the PLC approval, the applicant's obligation under this condition shall be satisfied.
2. To protect sensitive habitat for the State-listed Bald Eagle, the Permittee shall adhere to a seasonal restriction on all work from January 1 through July 31 of each calendar year.
3. Prior to the construction of any structures and/or the placement of fill within any tidelands areas authorized under this permit, the permittee must apply to the NJDEP's Bureau of Tidelands Management for a tidelands instrument (e.g., a license or lease) for the use and occupation of said tidelands. Tidelands staff will provide further guidance upon review for the timing of construction. All decisions concerning the issuance of any tidelands instrument is solely up to NJDEP's Bureau of Tidelands Management following the Tidelands Resource Council policy.

4. Prior to the start of any construction onsite, the permittee/owner shall record a deed notice for all stormwater management measures authorized under this permit which shall be recorded in the Office of the County Clerk or the registrar of deeds and mortgages of the county in which the development, project, project site, or mitigation area containing the stormwater management measure is located. A form of deed notice shall be submitted to the Watershed and Land Management Program (Program) for approval prior to filing. The deed notice shall contain a description of the stormwater management measure(s) used to meet the green infrastructure, groundwater recharge, stormwater runoff quality, and stormwater runoff quantity standards at N.J.A.C. 7:8-5.3, 5.4, 5.5, and 5.6 and shall identify the location of the stormwater management measure(s) in NAD 1983 State Plane New Jersey FIPS 2900 US Feet or Latitude and Longitude in decimal degrees. The deed notice shall also reference the maintenance plan required to be recorded upon the deed pursuant to N.J.A.C. 7:8-5.8(d). Prior to the commencement of construction, proof that the above required deed notice has been filed shall be submitted to the Program. Proof that the required information has been recorded on the deed shall be in the form of either a copy of the complete recorded document or a receipt from the clerk or other proof of recordation provided by the recording office. However, if the initial proof provided to the Program is not a copy of the complete recorded document, a copy of the complete recorded document shall be provided to the Program within 180 calendar days of the authorization granted by the Program.
5. Prior to site preparation, a conservation restriction for the public access portion of the site ("Proposed R.O.W. within the waterfront portion" as referenced on drawing no. C.5.0), as shown on the approved plan, shall be RECORDED with the Office of the County Clerk (the REGISTRAR OF DEEDS AND MORTGAGES) in the county wherein the lands included in this permit are located. This conservation restriction must include the public access easement and its availability to the public 24 hours per day, 365 days per year, and the maintenance of this easement in perpetuity. This conservation restriction shall reflect exactly what is provided on the Division's website ([NJDEP Watershed & Land Management | Forms](#)) and must accompany and reference a site plan, with all restricted areas clearly delineated. Once the conservation restriction has been RECORDED, a copy of the recorded conservation restriction MUST BE submitted to the Division of Land Resource Protection within thirty (30) days. Said restriction shall run with the land and be binding upon all successive owners.
6. The deed for the lot on which the storage building is constructed must be modified to:
 - a. Explain that the storage building is likely to be inundated by floodwaters, which may result in damage and/or inconvenience;
 - b. Disclose the depth of flooding that the storage building would experience during the FEMA 100-year flood, if available, and the flood hazard area design flood;
 - c. Prohibit habitation of the storage building; and
 - d. Explain that converting the storage building into a habitable area may subject the property owner to enforcement under this chapter; and
 - e. The modified deed is recorded in the Office of the County Clerk or the registrar of deeds and mortgages of the county in which the building is located, and proof that the modified deed has been recorded is provided to the Department prior to the sooner of either:
 - (i) The start of any site disturbance (including pre-construction earth movement, removal of vegetation or structures, or construction of the project); or

- (ii) The date that is 90 calendar days after the issuance of the permit.
7. The deed for each lot on which the parking areas are constructed is modified to:
- a. Explain that the parking areas are likely to be inundated by floodwaters, which may result in damage and/or inconvenience; and
 - b. Disclose the depth of flooding that the parking areas would experience during the FEMA 100-year flood, if available, and the flood hazard area design flood; and
 - c. The modified deed is recorded in the Office of the County Clerk or the registrar of deeds and mortgages of the county in which the site is located, and proof that the modified deed has been recorded is provided to the Department prior to the sooner of either:
 - (i) The start of any site disturbance (including pre-construction earth movement, removal of vegetation or structures, or construction of the project); or
 - (ii) The date that is 90 calendar days after the issuance of the permit.
8. Prior to the commencement of site clearing, grading, or construction onsite, the permittee shall install a sediment barrier at the limits of disturbance authorized herein, which is sufficient to prevent the sedimentation of the remaining freshwater wetlands and transition areas and shall serve as a physical barrier protecting these areas from encroachment by construction vehicles or other soil-disturbing activities. All sediment barriers and soil erosion control measures shall be kept in place and maintained throughout the duration of construction, until such time that the site is stabilized.

SPECIAL CONDITIONS:

1. The authorized activities shall comply with the applicable conditions set forth under N.J.A.C. 7:7A-5.7, 7.7, 7.17 and 20.2. Failure to comply with these conditions shall constitute a violation of the Freshwater Wetlands Protection Act (N.J.S.A. 13:9B-1 et. seq.). Any additional un-permitted disturbance of freshwater wetlands, State open waters, or transition areas besides that shown on the approved plans shall be considered a violation of the Freshwater Wetlands Protection Act Rules unless the activity is exempt or a permit is obtained from the Department prior to the start of the disturbance.
2. The Department has determined that the freshwater wetlands affected by this permit authorization are of intermediate and ordinary resource value and the standard transition area or buffer required adjacent to intermediate resource value wetlands is 50 feet, and no standard transition area is required adjacent to ordinary resource value wetlands. Any additional regulated activities conducted within the standard transition area onsite shall require a separate transition area waiver from the Division. Regulated activities within a transition area are defined at N.J.A.C. 7:7A-2.3. Please refer to the Freshwater Wetlands Protection Act (N.J.S.A. 13:9B-1 et. seq.) and implementing rules (N.J.A.C. 7:7A) for additional information.
3. This authorization for a General Permit is valid for a term not to exceed five years from the date of this permit. If the permittee wishes to continue an activity covered by the permit after the expiration date of the permit, the permittee must apply for and obtain a permit extension or a new permit, prior to the permit's expiration. If the term of the authorization exceeds the expiration date of the general permit issued by rule, and the permit upon which the authorization is based is modified by rule to

include more stringent standards or conditions, or is not reissued, the applicant must comply with the requirements of the new regulations by applying for a new GP authorization or an Individual permit.

4. Any new, reconstructed, enlarged, or elevated structure within a flood hazard area shall be secured to resist flotation, collapse, and displacement due to hydrostatic and hydrodynamic forces from floodwaters.
5. All sediment barriers and other soil erosion control measures shall be installed prior to commencing any clearing, grading or construction onsite, and shall be maintained in proper working condition throughout the entire duration of the project.
6. The applicant must adhere to the operations and maintenance plan for the stormwater management measures incorporated into the design of this major development in accordance with N.J.A.C. 7:8-5.8. Guidance set forth in the New Jersey Stormwater Best Management Practices Manual should be followed to the maximum extent practicable.
7. The Department has determined that this project meets the requirements of the Stormwater Management rules at N.J.A.C. 7:8. Any future expansion or alteration of the approved stormwater management system, which would affect water quality, increase the rate or volume of stormwater leaving the site, affect the infiltration capacity on the site, or alter the approved green infrastructure best management practices, shall be reviewed and approved by the Department by obtaining a modification or new permit as appropriate prior to construction. This includes any proposed changes to the discharge characteristics of any basin, the construction of new inlets or pipes that tie into the storm sewer network and/or the replacement of existing inlets or pipes with structures of different capacity.
8. Any future expansion or alteration of the approved site layout and/or land cover which would affect water quality, increase the rate or volume of stormwater leaving the site, or affect the infiltration capacity on the site, shall be reviewed and approved by the Department prior to construction.
9. The floor elevation labeled "FF: 11.0" on the approved drawing(s) is the elevation of the lowest finished floor of the proposed building(s). The construction of any habitable area below this elevation, such as a basement, is prohibited.
10. The area below the lowest finished floor of all proposed buildings as well as the area within the storage building shall remain open and accessible to the passage of floodwaters at all times. In order to relieve hydrostatic pressure on the proposed building(s) during flooding, permanent flood vents shall be constructed beneath the lowest finished floor to allow water to freely enter and exit during a flood as shown on the approved plan(s). These vents shall be maintained in good working order at all times and shall not be blocked under any circumstances.
11. All foundations, slabs, footings and walls of the proposed structure/s shall be designed to resist uplift, flotation, collapse and displacement due to hydrostatic and hydrodynamic forces resulting from flooding up to an elevation of one foot above the flood hazard area design flood elevation. Furthermore, all structural components shall be designed to resist the same forces.
12. All excavated and dredged material must be disposed of in a lawful manner outside of any flood hazard area, riparian zone, open water, freshwater wetland, and adjacent transition area, and in such a way as to not interfere with the positive drainage of the receiving area.

13. In accordance with N.J.A.C. 7:13-12.6(g)4, the permittee must provide signs in the parking lot indicating that the lot will be subject to inundation during flood events.
14. Within 90 calendar days of the date of this permit, the applicant shall submit the following information to the clerk of each county in which the site is located, and shall send proof to the Department that this information is recorded on the deed of each lot referenced in the verification:
 - a. The Department file number for the verification;
 - b. The approval and expiration dates of the verification;
 - c. A metes and bounds description of any flood hazard area limit and/or floodway limit approved under the verification;
 - d. The flood hazard area design flood elevation, or range of elevations if variable, approved under the verification;
 - e. The width and location of any riparian zone approved under the verification; and
 - f. The following statement: "The State of New Jersey has determined that all or a portion of this lot lies in a flood hazard area. Certain activities in flood hazard areas are regulated by the New Jersey Department of Environmental Protection and some activities may be prohibited on this site or may first require a permit. Contact the Watershed and Land Management Program at (609) 777-0454 for more information prior to any construction onsite."

Failure to have this information recorded in the deed of each lot and/or to submit proof of recording to the Department constitutes a violation of the Flood Hazard Area Control Act rules and may result in suspension or termination of the verification and/or subject the applicant to enforcement action pursuant to N.J.A.C. 7:13-24."
15. Construction equipment shall not be stored, staged, or driven within any regulated areas onsite, unless expressly approved by this permit or described on the approved plans.
16. Upon completion of the project, the permittee shall incorporate trail features designed to educate users about the importance of freshwater wetland and open water ecosystems, or other significant environmental features or phenomena.
17. The use of plastic under landscaped or gravel areas are prohibited. All sub-gravel liners must be made of filter cloth or other permeable material.
18. Upon completion of the project, all temporarily disturbed areas within 50 feet of the top of any stream bank, or edge of water, onsite shall be restored to original topography and replanted with indigenous, non-invasive vegetation in accordance with N.J.A.C. 7:13- 11.2.
19. All areas of temporary disturbance shall be restored to their pre-existing condition and grade.
20. All debris, wood, trash, and other loose materials shall be discarded and legally disposed of offsite. The applicant shall take special care that no debris enters or remains in the water.
21. The permittee shall take all measures necessary to ensure the authorized activities do not alter or interfere with the natural hydrology of the area.

STANDARD CONDITIONS:

1. The issuance of a permit shall in no way expose the State of New Jersey or the Department to liability for the sufficiency or correctness of the design of any construction or structure(s). Neither the State nor the Department shall, in any way, be liable for any loss of life or property that may occur by virtue of the activity or project conducted as authorized under a permit.
2. The issuance of a permit does not convey any property rights or any exclusive privilege.
3. The permittee shall obtain all applicable Federal, State, and local approvals prior to commencement of regulated activities authorized under a permit.
4. A permittee conducting an activity involving soil disturbance, the creation of drainage structures, or changes in natural contours shall obtain any required approvals from the Soil Conservation District or designee having jurisdiction over the site.
5. The permittee shall take all reasonable steps to prevent, minimize, or correct any adverse impact on the environment resulting from activities conducted pursuant to the permit, or from noncompliance with the permit.
6. The permittee shall immediately inform the Department of any unanticipated adverse effects on the environment not described in the application or in the conditions of the permit. The Department may, upon discovery of such unanticipated adverse effects, and upon the failure of the permittee to submit a report thereon, notify the permittee of its intent to suspend the permit.
7. The permittee shall immediately inform the Department by telephone at (877) 927-6337 (WARN DEP hotline) of any noncompliance that may endanger public health, safety, and welfare, or the environment. The permittee shall inform the Watershed & Land Management by telephone at (609) 777-0454 of any other noncompliance within two working days of the time the permittee becomes aware of the noncompliance, and in writing within five working days of the time the permittee becomes aware of the noncompliance. Such notice shall not, however, serve as a defense to enforcement action if the project is found to be in violation of this chapter. The written notice shall include:
 - i. A description of the noncompliance and its cause;
 - ii. The period of noncompliance, including exact dates and times;
 - iii. If the noncompliance has not been corrected, the anticipated length of time it is expected to continue; and
 - iv. The steps taken or planned to reduce, eliminate, and prevent recurrence of the noncompliance.
8. Any noncompliance with a permit constitutes a violation of this chapter and is grounds for enforcement action, as well as, in the appropriate case, suspension and/or termination of the permit.
9. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the authorized activity in order to maintain compliance with the conditions of the permit.

10. The permittee shall employ appropriate measures to minimize noise where necessary during construction, as specified in N.J.S.A. 13:1G-1 et seq. and N.J.A.C. 7:29.
11. The issuance of a permit does not relinquish the State's tidelands ownership or claim to any portion of the subject property or adjacent properties.
12. The issuance of a permit does not relinquish public rights to access and use tidal waterways and their shores.
13. The permittee shall allow an authorized representative of the Department, upon the presentation of credentials, to:
 - i. Enter upon the permittee's premises where a regulated activity, project, or development is located or conducted, or where records must be kept under the conditions of the permit;
 - ii. Have access to and copy, at reasonable times, any records that must be kept under the conditions of the permit;
 - iii. Inspect, at reasonable times, any facilities, equipment, practices, or operations regulated or required under the permit. Failure to allow reasonable access under this paragraph shall be considered a violation of this chapter and subject the permittee to enforcement action; and
 - iv. Sample or monitor at reasonable times, for the purposes of assuring compliance or as otherwise authorized by the Federal Act, by the Freshwater Wetlands Protection Act, or by any rule or order issued pursuant thereto, any substances or parameters at any location.
14. The permittee shall not cause or allow any unreasonable interference with the free flow of a regulated water by placing or dumping any materials, equipment, debris or structures within or adjacent to the channel while the regulated activity, project, or development is being undertaken. Upon completion of the regulated activity, project, or development, the permittee shall remove and dispose of in a lawful manner all excess materials, debris, equipment, and silt fences and other temporary soil erosion and sediment control devices from all regulated areas.
15. The permittee and its contractors and subcontractors shall comply with all conditions, site plans, and supporting documents approved by the permit.
16. All conditions, site plans, and supporting documents approved by a permit shall remain in full force and effect, so long as the regulated activity, project, or development, or any portion thereof, is in existence, unless the permit is modified pursuant to the rules governing the herein approved permits.
17. The permittee shall perform any mitigation required under the permit in accordance with the rules governing the herein approved permits.
18. If any condition or permit is determined to be legally unenforceable, modifications and additional conditions may be imposed by the Department as necessary to protect public health, safety, and welfare, or the environment.
19. Any permit condition that does not establish a specific timeframe within which the condition must be satisfied (for example, prior to commencement of construction) shall be satisfied within six months of the effective date of the permit.

20. A copy of the permit and all approved site plans and supporting documents shall be maintained at the site at all times and made available to Department representatives or their designated agents immediately upon request.
21. The permittee shall provide monitoring results to the Department at the intervals specified in the permit.
22. A permit shall be transferred to another person only in accordance with the rules governing the herein approved permits.
23. A permit can be modified, suspended, or terminated by the Department for cause.
24. The submittal of a request to modify a permit by the permittee, or a notification of planned changes or anticipated noncompliance, does not stay any condition of a permit.
25. Where the permittee becomes aware that it failed to submit any relevant facts in an application, or submitted incorrect information in an application or in any report to the Department, it shall promptly submit such facts or information.
26. The permittee shall submit email notification to the Bureau of Coastal & Land Use Compliance & Enforcement at CLU_tomsriver@dep.nj.gov at least 3 days prior to commencement of site preparation and/or regulated activities, whichever comes first. The notification shall include proof of completion of all pre-construction conditions, including proof of recording of permits, approved plans and/or conservation easements, if required. The permittee shall allow an authorized Bureau representative on the site to inspect to ensure compliance with this permit.
27. The permittee shall record the permit, including all conditions listed therein, with the Office of the County Clerk (the Registrar of Deeds and Mortgages, if applicable) of each county in which the site is located. The permit shall be recorded within 30 calendar days of receipt by the permittee, unless the permit authorizes activities within two or more counties, in which case the permit shall be recorded within 90 calendar days of receipt. Upon completion of all recording, a copy of the recorded permit shall be forwarded to Watershed & Land Management through the DEP Online service. The uploaded documents will go directly into the Department's database, and staff will be notified that information has been received. APPEAL OF DECISION:

Any person who is aggrieved by this decision may submit an adjudicatory hearing request within 30 calendar days after public notice of the decision is published in the DEP Bulletin (available at <https://dep.nj.gov/bulletin/>). If a person submits the hearing request after this time, the Department shall deny the request. The hearing request must include a completed copy of the Administrative Hearing Request Checklist (available at <https://dep.nj.gov/wlm/forms/>). A person requesting an adjudicatory hearing shall submit the original hearing request to: NJDEP Office of Administrative Hearings and Dispute Resolution, Attention: Adjudicatory Hearing Requests, Mail Code 401-07A, P.O. Box 420, 401 East State Street, 7th Floor, Trenton, NJ 08625-0420. Additionally, a copy of the hearing request shall be submitted to the Director of Watershed & Land Management at the address listed on page one of this permit. In addition to your hearing request, you may file a request with the Office of Dispute Resolution to engage in alternative dispute resolution. Please see www.nj.gov/dep/odr for more information on this process.

If you need clarification on any section of this permit or conditions, please contact Watershed & Land Management's Technical Support Call Center at (609) 777-0454.

CLOSED SESSION**AUTHORIZING MEETING NOT OPEN TO THE PUBLIC, PURSUANT TO NJSA 10:4-12**

WHEREAS, The Open Public Meetings Act, NJSA 10:4-12, provides that an executive session, not open to the public, may be lawfully held by a public body in certain circumstances when authorized by a resolution; and

WHEREAS, the Mayor and Council finds that it is necessary for the Mayor and Council to discuss, in a session, not open to the public, certain matters related to the item or items authorized by NJSA 10:4-12(b) and designated below as follows:

- ☐ Matters, which, by express provisions of a federal law or state statute or rule of court shall be rendered confidential
- ☐ Matters in which the release of information would impair a right to receive funds from the Government of the United States
- ☐ Matters which, if disclosed, would constitute an unwarranted invasion of Privacy, as further defined by NJSA 10:4-12(b) (3)
- ☐ Collective bargaining agreements or negotiations therefore with public employees and/or their representatives
- ☐ Matters involving the purchase, lease, or acquisition of real property with public funds, the setting of banking rates, or the investment of public funds, where the setting of banking rates or the investment of public funds, where the disclosure could adversely affect the public interest, if the discussion were disclosed
- ☐ Tactics or techniques utilized in protecting the safety and property of the public, provided that their disclosure could impair such protection, and any investigation of violations or possible violations of the law
- ☒ Pending or anticipated litigation or contract negotiations in which the Borough is or may become a party
- ☐ Matters involving the employment, appointment, termination of employment, Terms and conditions of employment, evaluation, promotion, or disciplinary action of any specific current or prospective public employee(s), unless all the individual(s) affected request(s) in writing that the matters be discussed at a public meeting

RESOLUTION # 2024-207

DATE: 09-19- 2024

- ☐ Deliberations of a public body occurring after public hearing that may result in the imposition of a specific civil penalty or the suspension or loss of a license or permit or party as a result of the actions or missions of the party.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of Bogota that an executive session, not open to the public shall be held to discuss matters of topic(s) referred to above as permitted by law and the matters so discussed will be disclosed to the public as soon as possible and to the extent that such disclosure can be made without adversely affecting the public interest or without violation of the confidentiality of personnel. A copy of this resolution will be kept on file in the Borough Clerk's office and is available for public inspection during regular business hours.

CERTIFICATION

I, Yenlys Flores-Bolivard, Municipal Clerk of the Borough of Bogota, Bergen County, New Jersey, do hereby certify that the foregoing is a correct and true copy of a resolution adopted by the Mayor and Council at a meeting held on 09-19- 2024.
