

**Minutes of the Virtual Regular Meeting** of the Mayor and Council of the Borough of Bogota, held at the Bogota Council Chambers, 375 Larch Avenue, Bogota, NJ, on Thursday, October 7, 2021 at 7:35pm.

Salute to the Flag was led by Mayor Kelemen.

The notice requirements of the Open Public Meetings Law have been satisfied as notice was sent to two newspapers and posted on the Borough Hall bulletin board on August 30, 2021.

Roll Call: Mayor Kelemen and Councilmembers Carpenter, Connors, Fede, Granquist, and Robbins were present. Councilwoman Murphy was absent. Also attending were Borough Attorney Betesh and Borough Administrator Scarpa.

Motion was made by Councilman Robbins, seconded by Councilwoman Granquist, to open the meeting to Citizen Remarks. Motion carried.

Jorge Nunez of Central Avenue said that there seemed to be a general consensus to replace the Borough Administrator. He asked if the position could be made part time since he worked part time during the pandemic and it was fine. He also asked about eliminating the fire horns and using another form of technology. He said that the horns went off at 6am for a non-emergency event which was an irresponsible and abusive use of the horns. He asked who provides oversight of the fire department. He requested a discussion. He said that the volunteers provide a tremendous and valuable service to the town. The town should be able to come to a respectful compromise.

George Silos of Larch Avenue said that he agreed with Jorge Nunez and that dozens of residents are annoyed with the horns. The technology is so outdated. He asked why the horns have to be tested every night at 6pm. He said that there are pagers, 911, the internet, and smart phones etc. that could be used. He said that someday there will be a major disaster. The alarms will go off and no one will care like the boy who cried wolf. He said that money is being spent on new fire trucks which is important, but money should be spent on technology as well. He asked Council members Carpenter and Robbins what they have done about the horns, and said that he would like to hear from the Republicans running for office as well.

Carmel Birney asked the status of her tree coming down (162 E. Fort Lee Road) and also asked about what to do about the many spotted lantern flies on her neighbor's tree. She is concerned that many trees will die if the spotted lantern flies are not controlled.

Marissa Cook asked about the status of the tree in front of her house (379 Leonia Avenue) which has been on the list since 2020 because branches are hanging over and banging against her house.

Susan Harper of River Road questioned what to do about the spotted lantern flies and also asked who is in charge of the tree list as it seems that many people are asking. The tree in front of her house has low hanging branches, and a branch cracked the windshield on a bus. Glass was

shattered on her property. No one was hurt, but there was a hanging branch. She said that there was no sign about the public hearing on the Recreation Center sign, and she noticed that the beginning of the meeting was not recorded. She said that many people could not get into the Zoom meeting. She asked who is driving the Recreation Center project on a day-to-day basis. She asked about the finances for the project as well. How will this be paid for. She asked if the current Recreation Center is going to be kept or not. She mentioned that some River Road residents did meet with the Borough Engineer and none of their issues were addressed.

Willie Ortiz of Fairview Avenue expressed gratitude to Rob Foster, the DPW, and Mayor Kelemen for their help after the storm. He said that he appreciated the efforts of everyone who helped. He said that community support is very important.

Motion to close Citizen Remarks was made by Councilwoman Carpenter, seconded by Councilwoman Fede. Motion carried.

Borough Clerk Cook said that the regular recording has the issues that were not addressed at the last public hearing. Green Acres will receive that recording.

Councilman Robbins said that he is happy that Bogota has the fire horn. He hears it at night and in the morning. Cell phones, beepers, etc. sometimes are not always charged. He said that the fire horn is the backbone of making sure everyone knows what is going on. He said that other towns use fire horns. Crying wolf will not happen. The fire horn is important to let people know that someone is coming.

Councilwoman Carpenter thanked George Silos for calling out her and Councilman Robbins. She said that Lou Kern has been working on it. Her daughter lives across from Hose 2, so she knows how loud the horn is. She said that she is trying to get grant money.

Councilwoman Fede said that she works in Montvale. She said that the horn sound is not so piercing, and maybe Bogota could look into the horns Montvale uses. She also commented that the Rescue Squad does not use horns, and they go out on emergencies all the town. She is not sure if ambulance uses horns anymore either. She said that the only way to get rid of the spotted lantern flies is to look for their egg masses and destroy them. They look like beige cement type mounds.

Councilwoman Granquist said that all three bids were received for the tree trimming, and Hardwood had the lowest bid \$21,400. They will be trimming soon.

Borough Attorney Betesh explained that the required sign for the public hearing was in Olsen Park. He said that the electronic sign at the Recreation Center could not be used to advertise the meeting as it does not meet the special requirements from Green Acres. He said that the Zoom meeting did not start recording until 10 minutes into the meeting, but there was a back-up recording, so a complete transcript will be sent. He said that the lock out problem at the meeting was quickly rectified.

Councilman Connors said that it would be prudent to place the fire horns on for discussion at one of the next meetings, and that maybe the Fire Department could come and educate everyone about the horns. He thanked the volunteers for their service. He said that people close to the horns deal with a lot worse than those that do not live as close. He said that there may be other solutions. He thanked Mr. Ortiz for his kind words. He said that he was away when the storm hit, but he has since visited Fairview Avenue. He is praying for the residents. He asked who is in charge

of the tree list and who is quarterbacking the Recreation Center project. He also would like hear about the finances of the project.

Mayor Kelemen told Carmel Birney that hopefully her tree will soon be cut down. He said that he gets a lot of phone calls from people about trees hanging over people's properties. He said that he was unable to make Tuesday's Public Hearing due to a family commitment. He told Mrs. Harper that there were a lot of questions about the project and about preserving some of the old trees. There is the matter of branches from old trees falling on people. Trees are beautiful to look at and they filter the air. He would like to re-establish the Shade Tree Commission. He said that lightning struck Borough Hall and damaged the horns. He would like to hear from Mr. Kern about the horns and about their life expectancy.

Discussion: - OEM / FEMA update

OEM Coordinator Foster said he had a very long week. Yesterday was the second FEMA disaster recovery session at the Recreation Center. 13 residents were assisted. He thanked Jim Moore, the Police Department, and the Rescue Squad for their help with that session. He said that Mayor contacted him about the meeting with Senator Weinberg, Assemblyman Johnson, the DPW, and the State. He said that the State is looking into the problem on Fairview Avenue, and the Department of Transportation will send out personnel before there is another storm to make sure this doesn't happen again. He continued that a resident who attended the FEMA disaster recovery showed damage from the brook – erosion. The railroad track walls came loose and started pulling away and into people's back yards. A very large tree came down. This occurred on Elm Avenue and River Road. behind houses. He reached out to the County and to CSX. The County will come to help rectify the matter. There is a question as to who is responsible. Does Outwater Plastic have some responsibility? He explained that he paid out of pocket for 2 residents and 10 people from other parts of New Jersey and other states to stay at a hotel in Teaneck. He could not leave them out there. They were abandoned on Route 80 due to the flooding, and they were cold, wet, and muddy. His main purpose is to help anyone who is in Bogota. He has not been reimbursed because the name of the hotel was not on the bill. Only the address was on the bill. He reported that a lot of people are going to Bergen Community College for FEMA disaster recovery 6 days a week from 7am to 7pm on Main Street in Hackensack.

Councilwoman Fede said that a client has received a FEMA check already, so FEMA is processing the claims. Mr. Foster also confirmed that some people did receive money from FEMA.

Councilwoman Carpenter said that she called Senator Weinberg to get guidance with the Commissioner of Transportation. She said that the DOT will come in and look at the issue. They will camera the line and look into repairing the wall.

Mayor Kelemen reminded everyone that the night of the storm, he spoke to OEM Coordinator Foster who asked him to man the evacuation center. He called School Superintendent Kennedy who allowed them to use the high school. He said there were two elderly women from town who were soaking wet with storm water as well as many other people coming in to the high school scared and wet. Council President Carpenter was kept aware of everything going on. Mayor Kelemen said that he emailed the Borough Engineer, Mr. Polyniak, Labor Day weekend and asked him to meet with the Mayor, Council President Carpenter, Councilwoman Fede, the OEM Coordinator, and the DPW Superintendent, to look at the basements flooded out on Fairview Avenue and the 5 feet of water in the back yards. He said that he asked how to fix this problem

with a 100 year old storm system and a sound wall between Fairview and route 80. He continued that they met the Thursday after Labor Day. He invited Council members Carpenter and Fede so as not to be political. He continued that the day after they all met, Mr. Polyniak wrote to DOT representative Mr. Citco explaining the situation on Fairview Avenue and requesting help. He went on to say that this past Tuesday, he emailed Mr. Polyniak to see if he had heard from the state. Mr. Polyniak immediately emailed him back asking if he was aware of the Zoom meeting with the State DOT, Senator Weinberg, Assemblyman Johnson, and the Commissioner of the DOT. Mr. Polyniak immediately called the Mayor about the Zoom meeting. He then sent the Zoom instructions to the Mayor. He explained to everyone that Councilwoman Carpenter had emailed Senator Weinberg, the State, and Borough Administrator Scarpa. The next email was sent by her to Mr. Polyniak and Mr. Scarpa. He said this was not a mistake that he as mayor was not included. He said that no one should make safety and well-being of the town a political issue. He forwarded the emails and Zoom invites to Councilwoman Fede and OEM Coordinator Foster. Mrs. Fede was busy that day, but Mr. Foster was able to attend the meeting. Mayor Kelemen said that it is totally unbecoming of an elected official to usurp the authority of the Mayor. He said that the OEM Coordinator paid for the hotel rooms for the stranded people out of his own pocket and needs to be reimbursed. He said that Mr. Foster did an awesome job and should be thanked for a job well done.

- Borough Administrator position for 2022:
- Borough Administrator Scarpa was asked if he would be staying on as Administrator. Mr. Scarpa said, "You heard the vote." It was decided to discuss the position at a future meeting.

Motion was made by Councilman Connors, seconded by Councilwoman Carpenter to open the meeting to Citizen Remarks. Motion carried.

Elvira Gesmundo said that Mayor Kelemen and OEM Coordinator Foster came right away to see the damage done by the storm to the residents of Fairview Avenue. She had 4 feet of water in her basement. She received FEMA money, but it is not enough to repair the damage. She asked what can be done to get more money from FEMA. She requested help in processing papers.

Willie Ortiz said that he is Mr. King's neighbor. He hopes that everything will be done after meeting with the Congressman. He said that this flooding will happen again unless something is done before the next storm. He said that he needs assistance because the money from FEMA is not enough. He is working with Ed Keyser who helps Veterans. He would like the town to be there. He said that the administrator was rude. He said that the people of Fairview Avenue are binding together. Their life savings will be gone in a day. Mr. King lost his house. Elvira's damages are heartbreaking. He said that FEMA offered SBA loans, but politicians are needed to help with FEMA.

Andoni Demetriades of Pine Street said that Borough Administrator Scarpa did not respond to emails sent on October 21, October 22, and November 3<sup>rd</sup>. He said that in his job, if emails were ignored, the individual would be fired. He said that the Administrator publicly disrespected Councilman Connors. He feels that it would be the best interest of the Borough if he does not seek another term.

Susan Harper thanked OEM Coordinator Foster and said that she hopes that he gets reimbursed for the hotel rooms. She asked who is driving the Recreation Center project as she did not receive an answer after the first Citizen Remarks. She also is concerned with the finances for the project. She said that the NJ Bar Association may be able to advocate on behalf of the residents with FEMA.

Marco Navarro of Park Place wanted to say Hello to the Mayor and Council. He said that he is new to town and is enjoying the meetings.

Rebecca Youla of Hill Street said that the Recreation Committee voted two months ago to change the padlocks in the fields as there are too many keys out there. Mr. Moore said that at the last meeting, Mr. Scarpa said No to changing the padlocks. She asked if this goes back to 2020 when Mr. Scarpa said that the Recreation Committee has no voice. Her concern is for the safety of the children.

George Silos thanked the governing body for their time. He thanked Council members Fede, Carpenter, and Connors, and Mayor Kelemen for responding to concerns about the horns. He told Councilman Robbins that he was blown away and stunned by his response. He said that no one promised to solve the problem, but they acknowledged that it was a concern. He said that he would like to hear from Councilwoman Granquist at some point as well.

Carmel Birney said that she was down south during the storm. She was very upset to hear about the problems on Fairview Avenue and asked the Mayor and Council to do everything they could to help those people including paperwork. She suggested a contact person.

Lisa DeMauro said that the Fire Department does not blow the horn, but the horn is the only way to know there is a fire. Every second counts. She asked for an apology to Mr. Robbins.

Barbara Michaels said that she has Fire Department background in her family. She is in favor of the sirens, as they give a better rating for home owners' insurance when there are multiple ways of contacting residents. She suggested looking into Mrs. Fede's suggestion.

Willie Ortiz said that he has a granddaughter in Bixby, and the cars speed down Fairview Avenue. People are driving to school while talking on cell phones. There could be an accident.

Elvira Gesmundo asked if any kind of intervention can be done to stop the speeding from cars to the highway.

Jorge Nunez said he appreciated Barbara Michaels' comments. He said that different people have been impacted differently by the horns, and the Borough needs a better system. Testing should have to be done every day. He hopes that the elected officials will come up with a solution to the horn problem. He said that the Fire Department is a stake holder in this, and we should be able to come up with a compromise. He feels that the Administrator acts in a reckless manner interjecting politics into tangible issues which violates his civil rights.

Motion to close Citizen remark was made by Councilman Connors, seconded by Councilwoman Fede. Motion carried.

Councilman Robbins said that he will talk to the Fire Department about a solution. He said that no one gets phone calls etc. to let them know the fire engines are coming. When he hears the horn, he knows that someone is coming.

Councilwoman Carpenter welcomed Mr. Navarro to Bogota. She told Mrs. Gesmundo and Mr. Ortiz to call Senator Weinberg's office for help at 201-928-0100. She told Mrs. Harper that as of January 2021, Borough Administrator Scarpa is the point person for the Recreation Center. She said that permits were received from Green Acres, the County, and Suez. The Borough paid over \$600,000 so far. Three payments were received from Atwater and half of the American Rescue money. \$4,000,000 was bonded. Compounding the ground has to start. She said that she used her credit card to hold the room for the King family. She got a special rate with the help of the Elmwood Park Police Chief. She got the check for the Marriot Hotel from Bogota right away.

Councilman Connors said that the Recreation Center project has been a team effort from the beginning. He said that there were Council people who voted No for the Recreation Center in the past, and Mr. Scarpa was always the point person.
