BOROUGH OF BOGOTA
CORRECTIVE ACTION PLAN FOR
COMMENTS AND RECOMMENDATIONS FROM
REPORT OF AUDIT FOR THE YEAR ENDED DECEMBER 31, 2025

Finding/Condition #1:

Our audit revealed the 421 River Road Pilot is not being billed in accordance with the financial agreement and that the amounts due to the County for prior years have not been remitted timely.

Recommendation:

The Annual Service Charge for PILOTs be billed in accordance with the Financial Agreement and amounts due to the County be remitted on a timely basis.

Explanation and Corrective Action:

Per the financial agreement, quarterly installments shall be made on those dates when real estate tax payments are due. The agreement established the payment due dates in accordance with State statue, but was the Borough's understanding of the agreement that it did not need to be collected within the same calendar year, still collecting four payments a year. The tax collector has sent out a revised bill which includes the 4th quarter of 2026 due on November 1 and all payments will have been received within the calendar year. The 5% portion to the county has been remitted.

Implementation Date: June 25, 2026

Finding/Condition #2:

Our audit of the Municipal Court revealed that old outstanding checks and reconciling items remain uncleared.

Recommendation:

With regards to the Municipal Court, excess funds in the fines and bail accounts be transferred to the current account.

Explanation and Corrective Action:

The Court Administrator has ensured that old outstanding checks and reconciling items in the fines and bail account have been cleared of record and excess funds have been transferred to the current account.

Implementation Date: June 25, 2026

Finding/Condition #3:
Our audit of the Construction Code office revealed multiple instances of funds collected not being remitted to the treasurer on a timely basis.
Recommendation:
It is recommended that the construction code official transmit all funds collected to the Treasurer within 48 hours.
Explanation and Corrective Action:
The construction office has been advised that all collections must be turned over within 48 hours of receipt as required by State statute. This policy will be monitored for ongoing compliance.
Implementation Date: Ongoing

Finding/Condition #4:
Our audit of bank statements revealed stale dated checks remain outstanding on the payroll bank account reconciliation.
Recommendation:
It is recommended that old outstanding checks in the payroll account be cleared of record.
Explanation and Corrective Action:
Outstanding payroll checks will be cancelled by resolution.
Implementation Date: July 2026

Re: Firehouse Renovation Feasibility
Estimating Services Proposal

Dear Conall,

Thank you for the opportunity to assist the Borough of Bogota with this important initiative to evaluate potential improvements to your emergency services facilities under the USDA Federal Congressional Grant Program.

Accenture Infrastructure & Capital Projects (Accenture I&CP) is pleased to submit this proposal to provide preliminary facility assessments and conceptual cost estimating services for the Borough's evaluation of two potential firehouse improvement options. We appreciate the Borough's confidence in our team and look forward to supporting your decision-making process as you determine the most suitable location for the consolidation of your fire companies.

Project Understanding
Based on the information provided, the Borough intends to evaluate two existing facilities to determine which site best meets the operational, functional, and financial requirements for a future fire station improvement project funded through a $1.2 million USDA Federal Congressional Grant.

The purpose of this initial assignment is to develop planning-level information that will assist the Borough Council in selecting the preferred site before advancing into detailed planning, design, and implementation.
The facilities to be evaluated include:

- **Kennedy Building** – Renovation and modernization of the existing two-story facility, including structural modifications, apparatus bay improvements, building systems upgrades, roof replacement, drainage improvements, and conceptual interior renovations.
- **Fire Company No. 1 & Ladder Company No. 1 (Broad Street Firehouse)** – Evaluation of a proposed apparatus bay addition together with associated structural, electrical, code, and future expansion considerations.

Scope of Services
Accenture I&CP will provide the following services for each facility:
<u>Existing Facility Review</u>

- Review available information provided by the Borough.
- Conduct one (1) site visit to each facility to verify existing conditions and identify major project considerations.
- Identify observable constraints that could influence project costs.

Conceptual Project Definition

Working collaboratively with Borough representatives, we will develop conceptual project assumptions based on the desired improvements discussed for each facility, including:

- Major building improvements
- Structural modifications
- Apparatus accommodation requirements
- Mechanical, electrical and plumbing system upgrades
- Roofing improvements
- Site and drainage improvements
- General interior renovations
- Major code and accessibility considerations

Planning-Level Cost Estimates

Prepare one (1) conceptual opinion of probable construction cost for each facility utilizing industry-recognized estimating practices. Each estimate will include:

- Construction costs
- General conditions
- Contractor overhead and profit
- Design and construction contingency allowances
- Escalation assumptions (where appropriate)

The estimates are intended solely for planning and budgeting purposes and are not intended to represent bid-ready construction pricing.

Findings Summary

Upon completion of the estimates, Accenture I&CP will provide a concise summary memorandum identifying:

- Key project assumptions
- Significant cost drivers
- Major risks and constraints
- Comparative observations between the two alternatives
- Recommendations regarding future planning activities

Deliverables

The following deliverables will be provided:

- Site visit documentation
- Conceptual project assumptions
- Two (2) planning-level cost estimates (one for each facility)
- Executive summary memorandum suitable for presentation to Borough Council

Schedule

Upon receipt of Notice to Proceed and the availability of existing information, Accenture I&CP anticipates completing the services within approximately six (6) to eight (8) weeks, allowing delivery of the completed estimates by September 2026, consistent with the Borough's grant application schedule.

Professional Fees
Accenture I&CP proposes to perform the above services on a **Lump Sum Fixed Fee of $11,000**, allocated as follows:

Service	Fee
Kennedy Building Assessment, Conceptual Estimate	$5,500
Broad Street Firehouse Assessment, Conceptual Estimate	$5,500
Total Lump Sum Fee	**$11,000**

The proposed fee includes one site visit to each facility, meetings with Borough representatives, conceptual estimating, and delivery of the final report.

Services beyond those described herein, including architectural programming, design services, engineering studies, environmental investigations, surveying, geotechnical services, code analyses, permitting support, detailed cost estimating, construction documents, bidding assistance, or construction administration, are excluded from this proposal and may be provided under separate authorization.

Future Services
Following selection of the preferred site, Accenture I&CP would welcome the opportunity to continue supporting the Borough through the next phases of the project. Future services may include planning, programming, project budgeting, detailed estimating throughout design, owner's representative services, procurement support, and construction management through project closeout under a separately negotiated agreement.

We appreciate the opportunity to submit this proposal and look forward to partnering with the Borough of Bogota on this important public safety initiative. Should you have any questions or wish to discuss the proposed scope of services, please do not hesitate to contact me.

Yours truly,
